# BEST PLACES TO LIVE

*Denver Life* is proud to present its 3<sup>rd</sup> annual special interest feature—Best Places to Live. Offering advice from local real estate experts, find out what you need to know about the area's current real estate trends and discover Denver's hottest hoods, best schools, buying/selling statistics and how to maximize your dollar in today's market. We also get up close and personal with three amazing architects who discuss their feelings on the styles of design that define our city's stylish vibe in residential architecture. For those who are drawn to the allure of luxurious golf course living, check out our list of exclusive, private golf course communities. And buyers with a desire to spread out a bit more will find plenty of options to purchase a piece of true Western living with the ever-growing trend of sustainable ranch communities throughout Colorado. Want to learn more? This comprehensive guide presents a smart perspective on local residential real estate for those considering a change of address. And log on to [denverlifemagazine.com](http://denverlifemagazine.com) for an extensive list of the city's exciting urban communities as well as a list of large master-planned communities surrounding Denver. You'll see first-hand, plenty of reasons why Denver is THE best place to live!
